

Cool Rock Tom Groove

By Alex Ribchester

In this week's lesson we have got another great sounding groove on the toms. We have also got some displaced snare hits on the '&' of beat 1 and the '&' of beat 4. There are also some optional 32nd note double kicks in there if you want to increase the difficulty level. Below is a breakdown of beats 1 and 2 followed by beats 3 and 4. I have also included the 32nd note kicks. At the bottom of the page you will find the entire groove included a stepped hi hat ostinato that follows the 8th notes of the right hand.

Beats 1 & 2

Beats 3 & 4

The entire groove with and without the double kicks

This one includes the 8th note stepped hi hat
