

Justin Tmberlake - 'Like I Love You' Drum Beat

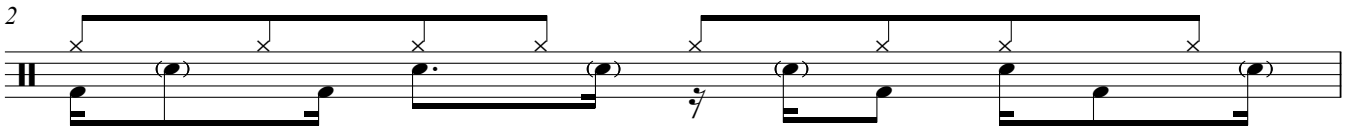

By Alex Ribchester

This is the drum beat from the track 'Like I love You' by Justin Timberlake. This is one of my favourite grooves. It is fairly simple to play, but its the funky 'feel' that gives the beat its unique vibe. Below is a break down of the groove in which we gradually add the dynamics to the pattenen. Enjoy.

1. The core groove

2. Include the ghost notes

3. This is the groove with the accent on beat 3 and the open hi hat on beat 4
