

Linear Drum Beat Ideas & Drum Fill

By Alex Ribchester

In this weeks lesson weeks lesson we have a go at a cool sounding linear drum beat with a few sticking and voicing ideas, along with a nice little drum fill at the end.

The groove uses a combination of 8th and 16th notes played between the kick, snare and hi hat. There are some ghost notes in thses ideas, so remember to play soft to get the dynamics down, before we move the left hand up to the hi hats for some varied orchestrations.

The Fill
